TOWN WARRANT

The Commonwealth of Massachusetts

Middlesex, ss.

To any Constable of the Town of Weston, Greeting:

In the name of the Commonwealth you are hereby required to notify and warn all of the inhabitants of the said town, qualified by law to vote in elections and town affairs, to meet in the Town Hall, in said town, on Monday, the 31st day of March 1941, at 12 o'clock noon to act on Article 1 of this warrant; and to meet in said Town Hall on the same date at 8 o'clock P. M. then and there to act upon the remaining articles of this warrant.

The polls for the election of town officers will be opened at 12 o'clock noon and may be closed at 7:45 P. M.

Article 1. To bring in their votes for the following town officers, each to be designated and all to be voted for on one ballot, namely:—

A moderator for a term of one year,
 A town clerk for a term of three years,
 One selectman for a term of three years,
 One member of the board of public welfare for a term of three years,
 One assessor for a term of three years,
 One member of the school committee for a term of three years,
 A treasurer and collector for a term of one year,
 An auditor for a term of one year,
 One library trustee for a term of three years,
 One trustee of the Merriam Fund for the Silent Poor for a term of three years,
 One park commissioner for a term of three years,
 One cemetery commissioner for a term of three years,
 One member of the board of health for a term of three years,
 Three measurers of lumber for terms of one year,
 One member of the board of commissioners of trust funds for a term of three years,
 One member of the board of water commissioners for a term of three years,
 Five members of the planning board for terms of one year,
 A tree warden for a term of one year.

Article 2. To hear and act upon reports of town officers and committees.

Article 3. To determine whether the town will vote to transfer

from the overlay reserve fund to the reserve fund of the town the sum of \$6,000. or such other sum as the town may deem proper in the premises.

Article 4. To determine whether the town will vote to increase the salary of the Treasurer and Collector from \$1,700. to \$2,000. per annum, effective January 1, 1941.

Article 5. To determine whether the town will vote to increase the salary of the Secretary of the Board of Health from \$25. to \$50. per annum, effective January 1, 1941.

Article 6. To determine whether the town will vote to write off to surplus or otherwise dispose of the unexpended balance of appropriation for federal projects or to act anything relative thereto.

Article 7. To determine whether the town will approve, ratify, adopt and confirm as the act of the town, a dedication by the School Committee of certain land for highway purposes, said land having previously been used for school purposes and being described as follows: beginning at a stone bound on the easterly side of School Street, said bound being 50.8 feet northerly from the northerly line of Maple Road, thence running south $33^{\circ} 50'$ east 24.1 feet, thence southeasterly by curved line a distance of 72.11 feet, radius 80.20 feet, thence north $85^{\circ} 39' 20''$ west 27.70 feet, thence by a line curving to the right on a radius of 36.14 feet, a distance of 23 feet more or less, thence by a radius 358.38, a distance of 50.8 feet more or less, to the point of beginning, being shown in detail on a plan showing widening and intersection, School Street and Maple Road, Weston, Massachusetts. Scale 1" equals 10'. Charles H. Stimpson, Jr., Civil Engineer, Weston, December 31, 1940.

Article 8. To determine whether the town will vote to appoint a committee to consider the use of the land between the end of Warren Avenue and land of Marion B. Farnsworth, including the possibility of extending Warren Avenue as a public way to land of said Farnsworth, or in lieu thereof granting to her rights of way and other easements; said committee to be empowered in the name and behalf of the town to determine the precise character and extent of said public way or right of way, its course over said town land, and the consideration and other terms and conditions under which said public or private way shall be constructed and maintained.

Article 9. To determine whether the town will accept as a public town way Irving Road which is at the present time a private way running from the Boston Post Road to a point on Highland Street being approximately 650 feet long and having a uniform width of 40 feet, the same having been laid out as a town way by the Selectmen at a meeting held June 23, 1930.

Article 10. To determine whether the town will vote to appropriate

a sum of money, the amount thereof to be fixed by the town for the purpose of establishing or purchasing a system for supplying the town and its inhabitants with water, for taking or purchasing water sources, or water or flowage rights, or for taking or purchasing land for the protection of said water system, for laying and relaying water mains of not less than six inches but less than sixteen inches in diameter, for the acquisition of two or more acres of land now owned by Elizabeth L. H. Blake, either by gift, purchase or taking by eminent domain, for the acquisition of such easements for the laying of water mains as may be necessary to connect the new supply with the present water supply system of the town and such rights of way as as may be necessary to give suitable rights of ingress and egress from the public highway to said easements and said land, for the construction of filter beds, stand-pipes, reservoirs and buildings for pumping stations and the construction and drilling of wells, and the purchase of such pumps as may be necessary to obtain the best power possible in a force main to be connected with the present system, and to raise and appropriate by borrowing or otherwise, such sums as may be necessary to carry out all votes of the town under this article and to issue such bonds or notes as may be necessary in the premises.

Article 11. To determine whether the town will vote to accept as a public town way Georgian Road, now a private way owned by Trustees of Trapelo, from a point where it adjoins Lexington Street to a point just beyond its junction with Fairhope Road another private way, being substantially 900 feet in distance and with a uniform width of 40 feet as shown on plan by Olmsted Brothers dated August 26, 1931, or to act anything relative thereto.

Article 12. To determine whether the town will vote to authorize the Selectmen to sell at public auction or private sale, and in case the property is to be sold at public auction, after first giving notice of the time and place of such sale at public auction by posting such notice of sale in some convenient and public place in the town fourteen days at least before the sale, property taken or which may be taken by the town under tax title procedure provided the Selectmen, or whomsoever they may authorize to hold said public auction, may reject any bids which they deem inadequate, or take any action relative thereto.

Article 13. To determine whether the town will vote its approval of a petition already filed with the General Court of the Commonwealth for legislation to amend Chapter 290 of Acts of 1927 which authorizes the Town of Weston to establish and maintain a World War Trust Fund so that said fund may now be transferred to American Legion Post #214.

Article 14. To determine whether the town will vote to establish a Committee of Public Safety to consist of the present Moderator as

chairman, the three Selectmen and such other members as may be appointed by the Moderator and to appropriate such sum of money as the meeting believes will be needed for the activities of said Committee for the current year and to act anything relative to the subject matter of this article.

Article 15. To raise and appropriate by borrowing or otherwise, such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles, or as may be required to defray the expenses of the town for the ensuing year; and especially to act upon all the appropriations asked for or proposed by the Selectmen or by the town officers or committees in their reports; and to authorize the town treasurer, with the approval of the selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1941, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with G. L. (Ter. Ed.) c. 44 Sec. 17 as amended.

And you are to serve this warrant by posting three attested copies thereof, according to the vote of the town, namely, at the Town House, at the Kendal Green Post Office, and on the town bulletin board at the junction of South Avenue, Park Road and Newton Street seven days at least before the time appointed for said meeting.

Hereof fail not; and make due return of this warrant with your doings thereon to the selectmen at the time and place of said meeting.

Given under our hands this twelfth day of March in the year of our Lord one thousand nine hundred and forty-one.

HERBERT E. TYLER,

BRENTON H. DICKSON, Jr.,

B. LORING YOUNG,

Selectmen of the Town of Weston.

BRENTON H. DICKSON, Jr.,

Town Clerk.

REPORT OF THE SELECTMEN

The Selectmen submit the following report for the year ended December 31, 1940, and include herein the budget of appropriations recommended for the year 1941 as provided by Section 5 of Article II of the By-laws. These appropriations have been approved by the Finance Committee.

At the annual town meeting held March 25, 1940, B. Loring Young was re-elected as a member of the Board for a term of three years. The Board organized immediately after the annual town meeting by the election of Mr. Tyler as Chairman and Mr. Young as Secretary.

During the year 1940 the Board held fifty meetings, eight special meetings as a Board of Appeals under the Zoning Law, three joint meetings with the Finance Committee, six public hearings and four meetings as the Board of Survey. Members of the Board have also from time to time conferred with other town officers and have attended hearings at the offices of the County Commissioners of Middlesex County and at the State House in Boston.

The list of officers and committees elected or appointed during the year and also a list of licenses and permits granted by the Board are set forth in detail in the Town Records printed hereinafter in this report.

TOWN FINANCES

For two years the town has had the benefit of a Finance Committee composed of nine members under the chairmanship of Mr. Homer N. Sweet. The members of this Committee have given to the town wise and faithful service which could never be compensated in terms of money. They should have the thanks of every citizen. Again, this year, in preparing the budget the Selectmen and Finance Committee have met several times with complete co-operation and good feeling. The budget is the result of our joint efforts and was adopted by unanimous vote. We explain in detail the reasons for certain important changes from last year's figures.

General Government. We believe that the salary of Treasurer and Collector should be increased but this can only be done by a vote of the town and a special Article in the Warrant has been inserted for this purpose. The total for General Government shows a substantial reduction.

Protection of Persons and Property. The Fire Department needs new apparatus and the Finance Committee and Selectmen unanimously

recommend an appropriation of \$6,000.00 for that purpose. The other items under this title need no explanation.

Highways and Bridges. The appropriation for General Maintenance is increased from \$35,500 to \$38,800 and the appropriation for Maintenance under Chapter 90 has been increased from \$1500 to \$2000. Also Equipment is increased from \$2000 to \$3100 and a new item of \$1200 has been inserted for a public town dump. Fortunately for the town, Mr. Alexander Sauer has made available a considerable piece of land on the upper part of South Avenue for a dump, which ought to be adequate for a number of years. The appropriation is for the salary of a man to prevent fires and see that the dump is properly cared for.

The item of Land Takings—North Avenue \$500 looks forward to a future layout and reconstruction of that street under Chapter 90 Construction. We do not know and could not ascertain with any accuracy what land damages the town might have to pay. We understand that the County Commissioners of Middlesex County will lay out North Avenue in 1941 and then we will be in a position in some future year when finances are available to ask for aid from the County and the Commonwealth under Chapter 90 Construction, but we would not wish to start something without knowing how much the bill might be. If requests for land damages are too high, this project may be abandoned for work on other streets in the town.

Public Welfare. The appropriations for Public Welfare continue to rise and this will probably be noted from year to year in the future. Both State and Nation believe in supporting dependent children and people who have become of advanced age. The changed policy of this country shows an enlightened charitable intent toward those who have no funds with which to support themselves and their families.

Recreation. The item of Taking and Improvement of Land for recreational Purposes has been reduced from \$1000 to \$500, but the equipment and maintenance of the athletic field requires \$500 so the total for recreation remains practically the same.

Metropolitan High Pressure Aqueduct. The inconvenience caused to the citizens of the town by the construction of this great aqueduct is now at an end. The work has been practically completed. Through the efforts of counsel for the town, the Commonwealth required the contractor to lay pipes of adequate size under the main where it crosses every highway so that there will be no difficulty in extending the town water mains in the future.

There was a fatal accident on Ridgeway Road in which one man was killed and another badly injured. In the opinion of the Selectmen this accident was caused by the negligence of M. F. Gaddis, Inc. who did not adequately light the premises. The night was dark and stormy. A bridge had been erected east of the highway but no barriers or lights

were placed so as to give warning and the car plunged headlong into the water of Seaverns brook. We feel that the town is under no legal liability, but the town has been sued for large damages on the ground that the accident was caused by a defect in the highway. We made an immediate investigation and spent some money on this. We believe that all our expenses will be reimbursed to us by the Commonwealth under the provisions of Chapter 460, Acts of 1938, Section 5. The Secretary of the Board wrote three letters to the Attorney General, none of which was answered but the Commonwealth has now undertaken to defend this suit saving the town any further expense.

Water Department. The routine appropriations are approximately the same as last year, but we are happy to report that through the efforts of the Water Commissioners and their skilled engineers, Messrs. Metcalf and Eddy, a tract of land, approximately two acres in extent, has been discovered on the property of Mrs. Francis Blake which will provide an adequate water supply for the town for a generation to come. The Selectmen believe this a most fortunate discovery. Our water supply was becoming inadequate. Joining the Metropolitan Water District would have incurred enormous expense. A special Article is included in the Warrant which will take care of this problem. It will be necessary to take the property by eminent domain or to buy two acres from Mrs. Blake at an agreed price. The Selectmen will propose that they be given entire authority to settle a land damage suit or to buy the property without litigation. This is a great grant of power to this Board but the town gave the Selectmen authority to settle land damages in connection with the Weston By-pass on the state highway and we settled forty cases without having to come back to the town for ratification. If the citizens of the town trust the Selectmen, it will save time and money to grant to us this authority.

Article 13. Favorable passage of a resolution under this Article is strongly favored by the Selectmen and the Weston Post of the American Legion. The fund was created by a combination of a Public Safety Fund which had been in existence since the World War and the Surplus War Bonus Fund which consisted of a rebate to all cities and towns of extra real estate taxes levied for the purpose of paying the \$100. state bonus to veterans of the World War. The Act provides that income shall be added to principal until the interest is adequate to pay the expenses incident to the celebration of Memorial Day. The fund now amounts to \$3,289.49 and the interest for 1940 was \$82.74. The fund would not become large enough to accomplish its purpose for many years. The American Legion Post in Weston has been always helpful to the town government and has never asked for an appropriation for a building of its own which is authorized by state law. The Legion needs a home and this fund could be the start of a building fund or could be used for other patriotic purposes by the Legion. We are all

proud of the Weston Post of the American Legion and we are sure that we can trust the officers of the Legion to treat this fund with such reverence as befits its source and original purpose.

Kindergarten Transportation. The question whether an item should be included in the school budget for kindergarten transportation has been placed before the Selectmen and the Finance Committee by the School Committee, without a recommendation one way or the other. The Weston Parents Association provided a forum for the discussion of this problem, and we are indebted to that Association for assembling much of the material illuminating the nature of the problem and the cost of its solution. The kindergarten children are taken to the school in the regular morning buses, but these regular facilities are not available to return them to their homes, as the kindergarten children cannot be kept for the full school period and must be taken home before lunch.

For geographical reasons, the expense of school transportation in Weston is already high, as compared with most other towns, and indeed \$9,200 has been allowed in the budget for this item in 1941. Arranging for this one extra return trip for the 50 kindergarten children would involve adding some 40 miles of bus routes each day to the 130 miles already provided for all the other school children, both going and returning, or an increase of about one-third in the mileage. The School Committee has estimated the added cost of kindergarten transportation at \$1,700, but they do not have firm bids for the two buses which would be needed at this figure, and on the same basis as is already paid for mileage on the regular bus trips, the added burden to the taxpayers would be about \$2,800 each year.

The Selectmen and the Finance Committee have unanimously voted that any such extra expense is unwarranted. Kindergarten facilities were first offered some years ago at the request of the mothers of children of sub-school age. At that time it was clearly understood that the parents of children who might avail themselves of these facilities would take care of seeing that the children were taken home. The Town is now allocating about \$2,700 a year to the kindergarten, for care and education which it is not obliged by any state law to give as a part of the public school system. Supplying the suggested transportation might more than double the cost of the kindergarten, not to mention the necessity of securing adult monitors for the buses, and the difficulty of getting these very young children from the bus stops to their own homes, as no older school children would be available at this hour of the morning for either service.

For a number of years the parents of the kindergarten children were able to organize themselves to perform this function without undue difficulty. Similar results would appear to be still possible, and perhaps some of the difficulties which have cropped up in recent years, and

have led to the suggestion that the town should take over this service, are due to a failure of some of the parents concerned to realize that this is definitely their own responsibility. We do not mean to minimize the burden on these parents, but this inconvenience to a (relatively) few parents does not seem to justify placing upon the townspeople generally such a heavy annual expenditure.

Articles 9 and 11 were put in the warrant at the request of citizens of the town.

The Selectmen wish to express their gratitude to all town officers and departments in the exercise of care in the expenditure of public funds. Weston is becoming each year more and more looked upon by other towns as having a high standard of public service. We expect all public officers and employees in the town to treat the public with courtesy and helpfulness.

HERBERT E. TYLER,

BRENTON H. DICKSON, JR.,

B. LORING YOUNG,

Selectmen of the Town of Weston.

REPORT OF THE FINANCE COMMITTEE

February 14, 1941.

During the past year the Finance Committee have held twelve meetings, including three meetings with the Selectmen for consideration of the budget for 1941. Sub-committees of the Finance Committee have conferred with the town boards and heads of departments regarding their respective requests for appropriations for this year.

Budget. The sum total of the budget for 1941 as presented by the Selectmen in the Town Report is \$286,785, which compares with total appropriations of \$286,620 voted for the preceding year. Each of these amounts includes \$6,000 for the reserve fund by transfer from overlay reserve.

The Finance Committee unanimously recommend adoption of the budget for 1941.

Other Expenditures Payable from Revenue. Maturing bonds and state and county charges, which are not included in the above budget, must also be met out of taxes and other revenues. The payments made for these purposes in 1940 are compared below with the estimated amounts to be expended for like purposes in 1941.

	Payments in 1940	Payable in 1941	
School and water bonds maturing	\$35,000	\$35,000	
County charges	15,803	15,458	(estimated)
State tax	24,160	27,060	(estimated)
Other state charges	6,092	5,000	(estimated)
Total	\$81,055	\$82,518	

The amount shown above for state tax for 1941 is estimated on the basis of an aggregate state tax of \$16,500,000 according to the Governor's budget.

Revenue Forecast. At this writing the prospect is that Weston will receive in 1941 as its share of the state income tax and state high-way fund distribution approximately the same amounts as the sums received last year from those sources. Other revenue receipts in 1941, exclusive of property and poll taxes, are expected to be as large as the corresponding receipts in 1940.

The tax rate in Weston last year was \$21.00 per \$1000. If appropriations for 1941 are voted substantially as recommended by the Selectmen, it appears probable that the tax rate for 1941 will not exceed \$21.50 per \$1000; but developments during the ensuing two or three months which cannot now be definitely predicted, including collections of taxes and the valuation of properties for assessment, will have an

important bearing on the fixing of the tax rate by the Board of Assessors.

Uncollected Taxes and Other Receivables. Taxes and other receivables uncollected at December 31, 1940 compare with those of a year ago as follows:

	Dec. 31, 1939	Dec. 31, 1940
Real estate, personal, poll taxes uncollected:		
Assessed in current year	\$38,494	\$28,210
Assessed in first preceding year	10,178	3,052
Assessed prior	656	1,010
	<hr/> 49,328	<hr/> 32,272
Motor vehicle excise	2,224	2,110
Tax title account (including, besides taxes and any water liens added thereto, interest to date of taking and recording costs)	9,267	14,200
	<hr/> 60,819	<hr/> 48,582
Other receivables:		
Water, including water liens	10,473	8,200
Public welfare, school, cemetery, town hall accounts	3,733	3,706
	<hr/>	<hr/>
Total taxes and other receivables uncollected	\$75,025	\$60,488

A year ago we drew attention to the progress that had been achieved in 1939 in the collection of taxes. Further improvement accomplished in 1940 is evident from the above table.

It was necessary for the town to take a larger amount of tax titles in 1940 than in the preceding year. In 1940, the amount of the taxes represented in tax titles taken was \$7,890; in 1939, \$2,463.

Town Debt. On December 31, 1940 the funded debt of the town, consisting of \$113,000 water bonds and \$125,000 school bonds, totaled \$238,000. Half of that debt, \$123,000 to be exact, will mature and be retired during the four years 1941-44.

I feel that a garage for this department and the installation of two-way radio communication should be given serious consideration in the near future.

Residents who go away and leave their houses unoccupied are urged to notify this department so that we may check them.

No special work or changes are anticipated in 1941 and I therefore recommend an appropriation of \$15,000.

Respectfully submitted,

J. SUMNER VILES,
Chief of Police.

REPORT OF THE SUPERINTENDENT OF STREETS

Board of Selectmen

Gentlemen:

I herewith submit my fourth annual report as superintendent of streets for the year 1940.

The classified expenditures for the year are as follows:

Salaries and Wages	\$17,617.21
Broken Stone, Gravel, etc.	2,001.47
Asphalt, Tar and Road Oil	3,763.87
Pipe, Lumber, Cement, etc.	1,757.59
Gasoline and Motor Oil	1,238.97
Fuel and Electric Power	634.53
Small Equipment and Repairs	3,425.02
Snow and Ice	4,430.91
All Others	989.61
	\$35,859.18

Maintenance

There has been little change in the general character of our maintenance work except that which came about as a result of the adoption by the town of a Chapter 90 program. This is a program by which, with the financial assistance of the State and the County, we are able to properly maintain roads which were formerly built under Chapter 90 Construction. I have advocated the adoption of this program for several years and I believe that almost anyone can see its advantage in the light of what has been accomplished this year, and the logic of continuing with it as long as it is available to us.

Surface treatments were given in whole or in part to the following streets: Lincoln Street, Granison Road, Merriam Street, Westland Road, Concord Road, Sudbury Road, Warren Ave., Golden Ball Road, Town House Road, Weston Center and part of Church Street, Ash Street, North Avenue and South Avenue, the last two being done under Chapter 90 Maintenance and the total mileage so treated being approximately 8.75 miles.

Work which might be classed as more permanent than just surface treatments was done on Church Street, Park Road, Ash Street and North Avenue. This work consisted of scarifying, graveling, and in some instances of surfacing with ready mixed asphalt from our own plant.

Drainage work this year consisted of the installation of eighteen catch basins and manholes and the laying of six feet of 21" pipe, nine

hundred forty-three feet of 12" pipe, four hundred eighty-three feet of 10" pipe, three hundred fifteen feet of 8" pipe and six hundred thirty feet of 6" pipe, making a total of two thousand three hundred seventy-seven feet of pipe laid in all.

It is easy to see that constant additions to our drainage system from year to year will inevitably result in higher maintenance costs as these basins and drains require cleaning at least twice each year.

It will also be necessary before very long to assume some sort of control over brooks and streams that drain large areas of the town. At present some of these waterways running as they do, through private land, are so clogged with debris that in periods of excessive rainfall large areas are flooded. This condition is serious enough at the present time to warrant serious consideration by the proper authorities.

Fences and signs along our highways still continue to be a major item in our maintenance budget. It is my intention to gradually replace our wooden guard rails with the approved type of fence used by the State of Massachusetts and in regard to signs I urge the adoption by the Town of Weston of the traffic rules as drawn up for us several years ago by the traffic division of the Massachusetts Department of Public Works. The adoption of this code would simplify our traffic and sign problems by giving us definite standards and would bring Weston into line with regulations existing in other suburban communities.

If the budget that I have recommended for this year is approved, I shall follow as closely as operating conditions will allow, the plan submitted by the Massachusetts Department of Public Works for the maintenance of our local highways.

Briefly this plan is a balanced program of construction and maintenance under Chapter 90 and maintenance of local roads by the town itself.

Chapter 90 Maintenance

Although this law has been in effect for many years the Town of Weston has never taken advantage of its provisions until this past year. Under it we have been able to extensively repair that section of South Avenue commonly known as the swamp and to resurface about 1.9 miles of North and South Avenues. The sum of \$3,138.31 was expended on South Avenue and \$1,359.79 on North Avenue.

We should continue this work this year.

Chapter 90 Construction

After a lapse of two years reconstruction work on highways is to be resumed under Chapter 90. I recommend the rebuilding of about one mile of North Avenue beginning at the Lincoln line and running easterly. Construction of this section would remedy or practically remove some of the worst and most dangerous curves in the town.

The possibility of the construction soon of Route No. 128 through Kendal Green would preclude consideration of this portion of North Avenue for reconstruction this year.

Sidewalks

As recommended last year in my report, the sidewalk in front of the high school and playground was entirely reconstructed.

A new retaining wall was built, curbing installed and, with the co-operation of the school board, the very dangerous corner at Maple Road and School Street was widened.

I believe that almost everyone will agree that the completed project is an asset to the town and particularly to the general appearance of the schools and adjacent playground.

Under consideration for resurfacing this year is a portion of the sidewalk on North Avenue between Viles Street and a point near the old fire station. In wet weather a good share of this walk is covered with large puddles of water forcing people to walk in the street. It is not my intention to spend too much on this section of sidewalk because the street itself will probably be changed somewhat when it is reconstructed, but it is necessary to at least make it safe to use. The balance of the appropriation will be used in other sections of the town.

Machinery

We purchased this year one new Ford Pick-up truck, two small sand spreaders and had our motor grader completely rebuilt.

I recommend the purchase in 1941 of two Ford one and one-half ton trucks to replace two that are over four years old. By replacing our truck units every two years instead of four we will receive a greater turn-in value on the old trucks and will have the advantage of virtually new equipment for plowing snow in winter which is extremely hard work on trucks.

I also recommend the purchase of a Buckeye stone spreader for use in covering asphalt and tar and another small spreader for use on ice work in winter.

Our sidewalk plows are in very poor condition at present and it will probably be necessary to replace at least two of them this year.

I recommend a total appropriation of \$3,065.00 for equipment.

Snow and Ice

The year 1940 was an expensive one so far as snow and ice is concerned. It is naturally impossible to figure on the annual cost for snow removal because it varies so greatly. This is the reason the maintenance budget was exceeded this year, so in making up estimates for this purpose the figures are based on a ten-year average and we can only hope that they will be somewhere near correct.

Recommendations

My recommendations for 1941 are as follows:

General Maintenance	\$36,338.10
Public Dumps	1,200.00
Sidewalks	1,500.00
Equipment	3,065.00
Chapter 90 Maintenance	1,500.00
Chapter 90 Construction	10,000.00

I wish to again express my appreciation to officials of the town and to the employees of the Highway Department for their co-operation in carrying on the work.

Respectfully submitted,

GILBERT M. UPHAM,
Superintendent of Streets.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

Sealer of Weights & Measures.

REPORT OF THE INSPECTOR OF BUILDINGS

To the Board of Selectmen:

Gentlemen:

The Inspector of Buildings submits the following report for the year ending December 31, 1940:

During the year 57 permits were issued, of which 36 were for new dwellings. Fees collected amounted to \$151.00, which have been paid to the Town Treasurer:

Estimated value of new buildings	\$263,200.00
Estimated value of additions and alterations	42,650.00
All others	2,650.00

	\$308,500.00

Respectfully submitted,

FRANKLIN C. MULOCK,
Inspector of Buildings.

WESTON HISTORICAL COMMITTEE

To the Board of Selectmen:

Gentlemen:

The Weston Historical Committee respectfully submits the following report for the year 1940.

The Committee has received gifts of interesting old photographs from Miss Emily Driver, Mr. J. Gilbert Peirce, Mr. J.F. Lamson and others. Mr. Lamson has given us also several books and pamphlets. We have acquired a photograph of Hanna Gowen, taken from a daguerreo-type owned by a relative, Mr. William Wendell of Portsmouth, N. H.

The Committee will gladly receive during the coming year additions to its collection of photographs and articles of historic interest.

Goats	18
Horses	107
Ponies	7
Oxen	3
Dogs Quarantined	10

I recommend the same appropriation as for last year, namely, \$100. for 1941.

J. SUMNER VILES,
Inspector of Animals.

REPORT OF THE INSPECTOR OF WIRES

To the Board of Selectmen:

Gentlemen:

The Inspector of Wires submits the following report for the year ending December 31, 1940:

Number of permits issued	131
Fees collected	\$65.50

All fees collected have been paid to the Town Treasurer.

Respectfully submitted,

FRANKLIN C. MULOCK,
Inspector of Buildings.

REPORT OF THE SUPERINTENDENT OF MOTH WORK

To the Board of Selectmen:

During the winter and spring months of 1940 creosoting of moth egg clusters was carried on along the roadsides of the town. This work eliminates millions of the small caterpillars that if allowed to hatch would immediately start eating the foliage. It also allows the leaves a good start to provide a surface to hold the poisoned spray later. Usually by May 20th the elms have advanced far enough to start spraying them to control the elm beetle which continue a serious menace.

In the spring of 1940 we were seriously hampered by rainy days or showers so that some of the elm beetle spraying was not as effective as we hoped. As you know there is only one successful way to control the elm beetle, namely, by thoroughly spraying the trees with arsenate of lead, usually between May 20 and June 10. This kills the female beetle before she deposits her eggs on the leaves. If rain occurs before the poison dries on the leaves the work should be repeated.

As anyone who had occasion to drive thru Massachusetts, New Hampshire and Maine in July and early August last summer well knows the gypsy moth stripping was very severe. Our town came thru the season in very good condition but only continued work can keep it so.

Attention is called to Chapter 132 G.L. which "obliges owners to clear their property of eggs, caterpillars, etc., of injurious insects." Many owners are not so situated as to do this. I wish to remind all such owners that the town has a well trained, competent crew that upon timely notice will creosote egg clusters and spray trees at cost.

I am requesting the same appropriation as last year namely, \$4000.

Very truly yours,

EDWARD P. RIPLEY,

Superintendent of Moth Work.

REPORT OF THE TREE WARDEN

To the Board of Selectmen:

The appropriation was expended almost entirely for labor, a great deal of work being done largely to remedy as far as possible the damage caused by the 1938 hurricane. Many of the street trees still have hanging and twisted branches or stubs caused by that storm. This work must be done carefully which means time. I have an excellent crew working almost entirely with ropes, a great advantage over the old method of using spurs which necessarily defaced the trees with spur marks. We are keeping a close watch to detect any appearance of the elm bark disease.

I recommend an appropriation of \$1,000 to continue the work of this department.

Very truly yours,

EDWARD P. RIPLEY,

Tree Warden.

Fourteen new fire alarm boxes were put in service replacing old boxes and 4849 feet of 4 conductor cable was run replacing old wire.

Six new boxes were purchased for new locations and 5000 feet of

cable and 3000 feet of new wire for connecting these new locations into the system.

Five hundred feet of 2½ inch hose and 500 feet of one inch hose were purchased during the year.

New battery plates were installed in the storage battery system of the fire alarm.

Due to a new state law the compressed air tank, which has been in service since 1922, was declared unsafe and two new tanks, which conform to the new law, were installed.

In 1915 a combination pumper, chemical and hose truck was purchased. This was the first automobile fire truck bought by the town. It is now thought advisable to replace this truck with a new truck with a 500 gallon per minute pump, booster tank, hose body and two ladders.

In 1923 a Reo truck was purchased to be used as a brush fire truck. During the last few years it has been used as a brush fire truck and a service truck; now after many years of useful service this truck has worn out and must be replaced.

The last truck bought for the fire department was in 1931. Since then there have been 218 new homes built in the town at an estimated cost of \$1,862,100. For the last five years we have recommended the purchase and stressed the need of a new ladder truck. The fire department should have a ladder truck properly equipped to protect the homes of the townspeople.

We recommend the following appropriations:

New ladder truck	\$15,000
New service truck	2,000
New 500 gal. pump	4,000
General maintenance	13,900

Respectfully submitted,

FRANKLIN C. MULOCK,

HAROLD W. COBURN,

Board of Fire Engineers.

REPORT OF THE PARK COMMISSIONERS

The Park Commissioners submit the following report for the year 1940.

Repairs on the power lawn-mower amounting to \$67.00 accounted for the increased cost of maintaining the Common. This is paid from the H. S. Sears Town Common Fund.

Last spring we planted on the Lamson lot a weeping linden, a liquid ambara, and a giant arbor-vitae-Thuja plicata. In November we set out some hemlocks, rhododendrons and mountain laurels on the Fiske lot, and replaced the elm opposite Miss Case's place which was ruined by a truck. These latter were paid for from the H. S. Sears Fund for Planting Trees so that we used less than half of our appropriation, and, as we anticipate no unusual expenses during 1941, we recommend an appropriation of only \$100.

REPORT OF THE PLANNING BOARD

To the Board of Selectmen:

Gentlemen:

During the year which ended December 31, 1940, two formal meetings of the Planning Board were held. At the first meeting Mr. Raymond W. Coburn was re-elected Chairman of the Board and Mrs. Agnes B. FitzGerald was re-elected Secretary. Consideration was given to the advisability of arranging a meeting with representative of the Metropolitan Planning Board and plans were formulated for the matters to be then considered.

On Tuesday, June 25th, a meeting of the Planning Board was held at which Mr. Duffy, Chief Engineer of the Metropolitan Planning Board, and Mr. Edwards of his office were present. The problems of locations of state roads through the town were discussed and possible locations considered. The traffic conditions found on the main, secondary and tertiary roads were analyzed.

During the course of the year members of the Board met informally with representatives of other boards and departments and considered, among other things, problems with respect to locations of existing streets and roads with particular reference to planning problems.

Mr. F. Cliff Pearce, one of the former members of the Board, resigned from the Board during the year.

An appropriation of \$250 is recommended.

REPORT OF THE BOARD OF PUBLIC WELFARE

The Board of Public Welfare submits the following report for year ending December 31st, 1940.

At the annual town election on March 25th Margaret B. Warren was re-elected a member of the Board for a period of three years. Erlund Field was elected a member of the Board for a period of two years. It was also voted to have the office of the Agent of the Board of Public Welfare placed within the classified civil service and to have Ralph F. Slayton continue in said office after passing a qualifying examination. This question appeared on the ballot following a petition circulated in January and signed by 800 or more registered voters of the town. This procedure was in conformity with the provisions of Chapter 183 of the Acts of 1939.

The three members of the Board met on March 30th and elected Stephen Webster their chairman.

Brief comments on the various categories of relief follow.

Dependent Aid

(General Relief)

Expenditures in this department were about \$1600 more than in 1939 and practically the same as in 1938. The drop in 1939 was due almost wholly to employment offered in connection with the construction of the metropolitan aqueduct. This work tapered off to completion during the early months of 1940. General employment conditions in the town do not change a great deal from year to year, our business firms maintain almost constant payrolls, and fluctuations in part time employment do not always follow the change in seasons as generally expected. For example, in April we aided 16 employable families and but 7 in October. Unemployment compensation may account for this variance, but this is difficult to substantiate since information is not available to us regarding compensation received by those who do not apply for relief.

Seven applications for general relief were denied during the year, there appearing to be either sufficient income, resources or relatives able to support.

Under statutory provision we have continued to require employable recipients of general relief to work out their assistance. We estimate that the various town departments have benefited by this work to the extent of \$3,452.00.

Through our employment service 43 referrals have been made directly to private employers and 57 referrals at the request of the United

States Employment Service. Only five of the one hundred were for permanent work.

The work of this Board in connection with W. P. A. is confined to certification and cancellation. Thirteen certifications were made during the year. A report of the W. P. A. Agent may be found elsewhere in this Town Report.

The Highway Department continued to deliver hurricane wood, at our direction, to families who were receiving relief and who had use for this type of fuel.

The State Department of Public Welfare, through its Surplus Commodities Division, continued the distribution of food and clothing to families listed by us. The combined value of the products so distributed amounted to \$2,176.00.

Aid to Dependent Children

We have had one application for this type of aid during 1940, ending the year with a total of three such cases.

Old Age Assistance

On January 1st, 1940 we had 24 active cases. During the year we opened 8 new cases and closed 4. Of the eight, five were accepted upon first application, two upon second application and one after denial and decision by the State Appeal Board. Eleven applicants were denied assistance during the year. Four of these appealed and decisions in three of these were pending at the year's end.

While our case load is, in this as in other categories of relief, from one-third to one-half that of other towns of like size and description, we expect the same gradual increase. An abrupt increase or decrease in expenditures could be affected by pending legislation. The tendency is, of course, to extend and liberalize Old Age Assistance.

The following statistical report covers the year's work from an analytical point of view and shows the recommended appropriations for the year 1941. Further details may be found in the Auditor's report.

REPORT OF THE SCHOOL COMMITTEE

The School Committee respectfully submits the following report for the school year ending December 31, 1940:

At the annual Town Meeting, March 25, 1940, Mrs. David Blaney was elected to the School Committee. On April 8, 1940, the Committee met and organized for the year, Mrs. Blaney being elected secretary and Mr. David A. Perry, chairman.

To Mrs. George Bailey, who, after nine years of active participation in school administration as a most capable member of the School Committee, decided not to be a candidate again, the Committee wishes to express gratitude for the sustained interest and untiring support which she contributed to the Weston School system during her term of service.

On May 7, the following appointments were made:

Mr. Carl T. Rhoades, Superintendent of Schools and Principal of the High School.

Mr. Allan Cameron, Custodian of Buildings and Grounds.

Mr. Charles L. E. Bolton, Assistant Custodian of Buildings and Grounds.

Teachers:

Miss Vera Wakefield	Miss Hazel Staples
Miss Rachel L. Spear	Miss Florence Rowley
Miss Emma F. Ripley	Miss Bertha McKinney
Miss Mildred E. Meyer	Mrs. Georgiana Eldred
Miss Helen B. Green	Miss Lucy Dodson
Miss Elizabeth P. Cobb	Miss Pearle Coulthard
Miss Constance E. Burrage	Miss Lena Carter
Miss Mildred L. Marble	Mrs. Vida C. Strahan
Miss Edna L. Johnson	Mrs. Virginia A. Morrissey
Mrs. Helen G. Hill	Miss Rhoda LeFavour
Mrs. Ruth Belknap	Miss Alma Ames
Miss Ella Brothie	

In addition to the above, the following special teachers were appointed:

Mr. Wallace W. Sawyer, Sub-master of the High School and teacher of Science.

Mr. Howard P. Whitney, Head of the English Department.

Mr. William H. Taunton, Music Supervisor.

Mr. John S. Proctor, Coach and Director of Physical Education for Boys.

Miss Marjorie D. Morse, Jr., Director of Physical Education for Girls.

Mrs. Gudrun G. Payne, Teacher of Art.

Miss Marjorie C. Brennan, Supervisor of Elementary Grades.

Mr. Aimo Teittinen, Teacher of Industrial Arts.

Also at this meeting the following appointments were made:

Dr. Fresenius VanNuys, School Physician.

Dr. Faith L. Meserve, Assistant School Physician.

Miss Virginia L. M. Robinson, School Nurse.

Miss Helen Eldred, School Secretary.

At a meeting June 27, the Committee appointed Miss Louise Andrews as Kindergarten Assistant.

The School Committee has for some time felt that children have been entering school at an age that did not permit them to get the most of their instruction. This sentiment has not only been felt in Weston but in many other towns. The State Department of Education has long urged a higher entrance age and still advocates an age higher than the one we have advanced to. The Committee voted that the age for children entering Kindergarten must be 4 years, 10 months, on or before September 1, and that the age for children entering the first grade must be 5 years, 10 months, on or before September 1, this ruling to begin on the opening of school in September, 1940.

Owing to the resignation of Miss Marjorie Morse at the end of the school year as teacher of physical education for girls, Miss Ruth Smith was appointed to that position. In September, Mr. Whitney resigned to take another position and Mr. John W. Zorn was appointed Head of the English Department to fill that vacancy. Both resignations mentioned here were received with regret, but the Committee feels that new appointees are filling their positions in a very satisfactory manner.

In December, we received Miss Robinson's request for a year's leave of absence for special work in England. This request was granted. We appreciate the faithful and efficient work Miss Robinson has performed during her service with the Weston schools.

PLAYGROUNDS

During 1940, we have increased the size of the skating pond and have given the usual care to the football and baseball fields. Each year the turf on the football field needs attention to have it in good condition for the oncoming season. Because we have only one field for football,

the turf is subjected to extra exposure by serving as a practise field as well as a playing field.

During the spring, there is no suitable place for children in the lower grades to play without encountering much mud. For this reason, we are endeavoring to clear additional space and fill it with gravel to make a better playground for the smaller children. The committee feels that there is an urgent need for more playground equipment for children and that the time is here when we must consider purchasing some portable bleachers for the playing fields.

Details of the school work will be found in the reports of the Superintendent of Schools and the special teachers which follow.

Respectfully submitted,

MARJORIE BLANEY

REPORT OF THE SUPERINTENDENT

To the Weston School Committee:

This is my twelfth annual report as superintendent of the Weston schools. The reports from special teachers and different departments are appended.

Trends in Education

A few years ago we were hearing a great deal about education for leisure. This is certainly one important objective in education, for nothing can take the place of the appreciation of cultural values that help to make life worth living. Today, however, we are realizing that often boys and girls complete high school and even college without knowing what it means to earn money by working. Even the chores around home that boys and girls used to do have been reduced nearly to the vanishing point. There is at present a demand that the educational system furnish more work experiences and training to fit youth for a working world. The federal government is doing much along this line with the C. C. C. and N. Y. A. work.

Much is now being said and written on such topics as, Education for the Common Defense, Education for Democracy, Education for the American Way of Living, and Education for Freedom. If our "Way of Life" is to continue the young people must not only be trained for worthy use of leisure time; but they must be trained for jobs (and jobs must be provided); they must be able to read current literature intelligently in order to understand the changing issues of our times; and they must be trained in health and physical fitness. Does any high school do this job completely? The answer is no. Our academic high schools do not fit the majority of pupils for a working world. The trade schools of the cities do pretty well in training for work but fall short in training for cultural values and intelligent citizenship. Neither type of school can do both jobs well in four years.

I believe that if more of the young people of the country would complete high school and then go to public or private vocational and trade schools we would be more successful in training for democracy.

Local School Problems

The school organization and work of the past year have been similar to the preceding year with no new departments, or additional teachers being employed. The resignation of Mr. Whitney in the English department of the high school came just as school opened in September. The unavoidable delay in filling the vacancy was somewhat disturbing at the time, but not serious.

The school buildings in general are in good condition but a good deal of painting and many minor repairs are badly needed since we were unable last year to do any repairing except what was necessary for safety. I hope the town will continue to appropriate money for the

improvement of the school grounds. We especially need more playground apparatus for the younger children and also a playground separate from the athletic field.

The request for full transportation facilities for kindergarten children is worthy of consideration. If such transportation can be provided it will help much toward the smooth operation of the school. I realize however that the expense per pupil would be high.

A study of the state report of the department of education shows that compared with the state averages, Weston spends for schools a small amount per \$1000 of valuation but has a high per pupil expense. Whenever a small community maintains good schools that offer as much as the larger towns and cities its expense per pupil must be high.

Class of 1940

The graduating class last June numbered 46, being the largest class ever to graduate from the Weston High School. Six of these entered standard degree granting colleges while 26 are continuing their education at junior colleges, business and secretarial schools, or other educational institutions. The percentage that entered college is smaller than usual while the number continuing education in other schools is larger.

Graduates of our high school are now enrolled in twenty different colleges and universities in the United States. Nearly half these students are at Boston University, Harvard, Radcliffe, Northeastern, and Simmons.

Scholarships and Prizes

The Charles J. Paine scholarship was awarded to Raymond Malloy, freshman at Harvard.

The Horace S. Sears Scholarship money was awarded in five portions to:

Edward Edmunds at Massachusetts Institute of Technology.

Richard Kennedy at Northeastern University.

John Cain at Duke University.

Robert Sharpe at Northeastern University.

Charles Poutas at Harvard.

The Women's Community League scholarships were awarded to Barbara Akers at Simmons, and Zika Bakeeff at Radcliffe.

The Washington and Franklin medal for excellence in the study of United States History was won by Ida Benotti.

The prize of \$5.00 awarded by the Weston Post of the American Legion for the best examination on the United States Constitution was won by Raymond Malloy.

Prizes from the Horace S. Sears Fund were awarded as follows:

1. For essays on "Railroads—Pro and Con of Government Ownership."

First—Barbara Boyd

Second—Zika Bakeeff

Thirds—Margaret Sullivan

Rita Tyler

Eleanor Rinehart

2. Prizes to seniors for Good School Citizenship:

Girl—Barbara Akers

Boy—Vincent Melone

I am submitting with this report the statistics of the census of last October, the attendance statistics for the school year 1939-1940, the programs of the School Play, Operetta, and the Graduation Exercises of the Class of 1940.

Once more I wish to thank the school committee, parents and teachers for the cooperation and support received.

Respectfully submitted,

CARL T. RHOADES.

REPORT OF THE ELEMENTARY SUPERVISOR

To the School Committee:

All children, not merely those who have become "problem cases", require guidance and that guidance must begin as soon as the child enters school. If children are to grow up as responsible citizens in a democratic society, they must be given opportunity from the very beginning of school life to make choices, to meet situations involving alternatives—always, of course, on their own level of development. Only through repeated choosings can the power of wise choice, when confronted with an emergency, be developed.

Increasing recognition of wide variations in child development and some knowledge of the influence of environmental factors have resulted in the introduction of a system of cumulative pupil-personnel records for all pupils in our schools. These records help the teacher to better understand the "whole child" and her efforts to help him adjust can be more scientific in their approach.

During the past year we consider our major achievement has been the construction of a new type of report card to the parents, for grades four, five, and six. On this card we have tried to show our broader concept today, of the three R's, by breaking down a subject like reading

into its elements of fluency, interest, comprehension and rate, marking the child separately on each phase of the subject. Many children are poor in comprehension, due to having had undue emphasis placed on achievement in rate; others because of a slow and laborious rate fail to grasp the meaning of a selection. A balancing of these parts is what makes for a successful performance in reading.

The schools of yesterday were asked merely to teach children to read, write and figure. Today instead of being asked merely to teach these, the schools are asked to take charge of the child's development; to assist in forming habits; to impart skill; to stimulate initiative, resourcefulness and independence of thought. This is a challenge which the schools have accepted. Because of this our report to the parents is divided into two main parts: Academic Progress and Progress in Habits and Attitudes.

A great and as yet unsolved problem in many American Communities is to bring the schools closer to life, to bridge the gap between the classroom and reality. The "Project Method" of school work emphasized by John Dewey, with whole groups of children learning through co-operation on a single project—putting on a play for the school assembly, planning and enjoying an excursion to a museum to aid in background enrichment for the social studies, or even dividing up a single arithmetic assignment—has been adopted more and more widely in our elementary grades.

I wish to thank the school committee, the Superintendent of Schools, and the teachers for their co-operation and assistance.

Respectfully submitted,

MARJORIE C. BRENNAN.

REPORT OF THE MUSIC SUPERVISOR

To the School Committee:

The progress made in music by the pupils of the Weston Schools has seemed to hold steady throughout the past year.

The members of our kindergarten gave a little concert in April. They very much enjoyed singing their songs and playing the pieces on their Rhythm Band instruments for the parents and friends.

In the lower grades we have continued our work with defective voices, giving individual attention to the faults in order that they may be eliminated.

Our High School orchestra lost several members as usual at Graduation, and we have had to devote much of our time this Fall to the development of the new organization. Last February the orchestra played at the School play; in April at the Operetta; and in June at Graduation exercises.

We have also a Grammar School orchestra, its members being children from the third through the sixth grades.

On last April, the Glee Club presented the Operetta entitled "The Count and The Co-ed". This Glee Club is so large that we are forced to cut it nearly in half in order that its members may be on the stage for its performances.

This year there are four piano classes, two violin classes, and one cornet class in our study of instrumentation.

The work in Music Appreciation is carried on through the Grammar School and Junior High School. We need, at the present time, several new records for our Library. And, of course, we have not really long enough periods to devote to this study.

The study of Music Appreciation should certainly be extended into our High School.

This year forty-five pupils of the Junior High School and of High School attend the Youth Concerts. This series is given by a group of seventy members of the Boston Symphony Orchestra at Symphony Hall, Boston. Also, twenty pupils of the third through the sixth Grades attend the Children's Concerts which are given by thirty-six members of the Boston Symphony Orchestra at the Sanders Theatre in Cambridge. Transportation to all of these concerts is furnished by the Women's Community League of Weston, as it was last year.

With deep appreciation for the co-operation tendered me by the Superintendent and Teachers in my work this report is respectfully submitted.

WILLIAM H. TAUNTON,

Supervisor of Music.

REPORT OF THE ART TEACHER

To the School Committee:

Art activities in Weston Schools are somewhat limited in time and space, but with a definite goal, lessons are planned accordingly. Due to the classes taught, all plans must be subject to change. Good habits of accuracy and neatness, worthy use of leisure time, and unknown talent are developed in art classes.

Children have a natural instinct for self-expression which stimulates the powers of imagination and perception, but they should not be left wholly alone. Through guidance, the ability to express and perceive is allowed to grow. Later children become more self-conscious (seventh and eighth grades), and more disciplined training in drawing and design should be attempted hoping that the principle involved will awaken new interest and allow the imagination to carry on.

Through design children learn proportion and arrangement.

Through constant contact in color and forms, critical powers are guided toward perfection. The making of posters and interiors present a form of study and arrangement that should react in later life.

The painting of scenery in the High School classes proved to be very successful. The Industrial Arts Department made the scenery and the Art Department painted it. The pupils willingly came to school Saturday mornings and gave up much free time to finish the project. The experience of working together was thoroughly enjoyable and the pupils are now planning scenery for the current musical play.

Respectfully submitted,

GUDRUN G. PAYNE.

REPORT OF THE INDUSTRIAL ARTS TEACHER

To the School Committee:

We are continuing the program which we started last year. Work is being carried on with woods, metals, Keene's cement, plastics, and in mechanical drawing. The activities have become more advanced and also a refinement within each activity has begun to take place. Our study of industry and its materials was started with a visit by the seventh grades and Industrial Arts I and II classes to the American Sandpaper Company in Waltham.

The physical condition of the shop has been improved by the students. Old equipment has been refinished, new sections have been built, and a few new pieces of equipment have been bought. All this goes to better organize and ready our shop for all the necessary education which is to be given there.

Respectfully submitted,

A. H. TEITTINEN.

REPORT OF THE SCHOOL NURSE

To the School Committee:

The physical examinations and the weighing and measuring have been completed.

The hearing tests have also been completed. These were done as usual by the Boston Guild for the Hard of Hearing, and the 4b audiometer was used.

The vision tests have not yet been done this year. These tests were finished late in the last school year, because a new method was used under the supervision of the Massachusetts State Department of Public

Health. We thought it would prevent overlapping to leave the tests until after the first of January this school year.

Last year the Middlesex County Sanatorium discontinued their school clinics for the control and prevention of tuberculosis. We felt that we would like to continue a program of this type in the Weston Schools. Therefore, in answer to a request from the Weston Board of Health, the Massachusetts State Department of Public Health will carry on this work. The Mantoux test will be offered to the entire High School on January 20th. The Department of Public Health will give x-rays to all the students who show positive reactions to the test and will follow the x-rays with physical examinations if such is indicated.

I was pleased that space was provided for a health record on the new report cards for the fourth, fifth, and sixth grades.

During the past year 343 school home visits were made, and 1008 first aid treatments were given in the school office.

The diphtheria immunization clinics were conducted by the Board of Health in April and May.

During the past year 121 students were cared for in the school dental clinic. As a result of the dental examinations this year, 441 students showed some signs of dental defects, and 186 needed no immediate care.

I would like to thank the School Committee for co-operating with the Red Cross Nursing Committee and the Board of Health in granting me a leave of absence in order that I might accept an appointment with the Harvard-Red Cross Unit. This Unit is being organized for the study and care of communicable diseases in England. Mrs. Violet Golden will act as substitute nurse, and she will begin her work January 1st.

I am very grateful to the School Committee for the co-operation which they have always given me.

Respectfully submitted,

VIRGINIA L. M. ROBINSON.

REPORT OF THE PHYSICAL EDUCATION DEPARTMENT

To the School Committee:

Our athletic teams were again very successful, with the boys winning the Class D State Championship in football, and the girls hockey team being undefeated in six games. The football team was transported to all of its games away from home by the Middlesex and Boston Bus Company. Although the cost was somewhat higher than in the past, the pleasure and safety derived was well worth it. We hope that we will soon be able to use these bonded public common carriers for all our teams.

Basketball is gaining in popularity. The girls have not had a team for several years, but this year there are more than enough girls out

for two teams. This is an excellent showing as many have long walks when practice is over. Six games are scheduled with outside teams. When these games have been played, intramural games will complete the basketball season.

At the present time the students are required to furnish their own towels. This is not entirely satisfactory and I feel that a different plan should be used in which an approved laundry service will furnish the towels. This is advisable from the standpoint of health and sanitation. It will no doubt mean an added expense to our department, but we expect the students to help finance the plan.

Corrective exercises for the boys are being conducted, with a large group of 94 from the fifth grade through the High School. Miss Smith is working with the boys through the first four grades, and girls throughout the school.

The skating pond is being used more and with considerable pleasure to all. Let's hope the good work will continue and the pond will be enlarged so that we will be able to have a regulation hockey rink and also a larger place for free skating.

Respectfully submitted,

JOHN S. PROCTOR.

LUNCHROOM REPORT

To the School Committee:

The aim of the lunch room is to serve a hot noon meal at reasonable prices to all those who desire it.

For the past year we have tried having the pupils in grades one to four, who eat in the lunch room, all served the same hot, well-balanced lunch, which they must eat before being served with dessert. By this supervision we feel that each child is getting an adequate meal and not over-indulging in sweets which was prevalent when they were allowed to make their own selection.

REPORT OF THE SCHOOL PHYSICIAN

To the Board of Selectmen:

The health of the school children, on the whole, has been very good. The improvement in posture and the condition of the teeth has been steady for some years.

Regularly every Monday morning the throats of all pupils are inspected. The Schick tests and the administration of toxoid and toxin-antitoxin will be given this spring.

Respectfully submitted,

F. VAN NUYS,

School Physician.

REPORT OF THE SWIMMING POOL COMMITTEE

To the Board of Selectmen:

Gentlemen:

The Swimming Pool Committee submits the following report for the year 1940.

Opening June 25th, the town pool was operated for the customary ten weeks, closing August 31st.

Eugene F. Poutasse of Weston ably supervised the operation of the pool and gave instruction. The attendance increased over recent years and a swimming exhibition was held at the end of the season.

Mrs. Roy Moody acted as matron for the girls and assisted Mr. Poutasse, as did Mr. Donald Van Heest.

The Committee feels as it did last year, that the plant and equipment are becoming more inadequate, though still functioning, and again suggests that a committee be appointed by the selectmen to look into the cost and advisability of a suitable new structure.

We have requested that \$1,100 be appropriated for the year 1941.

The report of the instructor, Mr. Eugene F. Poutasse, follows.

Respectfully submitted,

WESTON BLAKE

EUNICE C. BASSETT

CARL T. RHOADES

To the Swimming Pool Committee:

There are several items to which I would like to call your attention before the budget for the ensuing season is made up. The pool itself is adequate for a maximum of 44 people (27 sq. ft. of water area is the swimming pool standard per person), however the surface is badly covered with paint scales which make it impossible to do a thorough cleaning job. A good going over with a sand blasting machine would help a lot, followed by some of the newly developed paint for cement pools. The locker room is sound enough for a few more years but is no show place; in several places the canvas floor covering is perforated and the indications are that there will soon be rotting of the floor near there. Both the motor and the pump are loose on their frames, leading to excessive wear, and the packing of the pump leaks. There is a short circuit in the pool light which should be remedied, and the toilet valve needs replacing. I suggest that fine crushed stone be spread on the path leading from the sidewalk to the door. This would greatly help in eliminating tracked-in mud on the locker-room floor.

In addition, the following articles should be found at all well equipped pools:

A shepherd's crook for rescue work placed on a special bracket on the pool wall. It should be about 12' long with a semicircular hoop on one end 2' in diameter.

One ladder 2' wide for each 20 swimmers is recommended.

Two to four kickboards for practice purposes. These can be made up inexpensively from soft pine, but best ones are of balsa. They should be about 18" long, by 10" wide, by 1.5" and varnished.

Two to four small rubber tubes for arm stroke practice, which are used to support the legs.

Should have a copy of the *Interscholastic A. A. Swimming Guide* put out by the Spaulding Company. Gives all the rules for racing and diving.

Also a copy of *Swimming Pools and Other Public Bathing Places* which can be obtained from the Wallace & Tiernan Co., Inc., Newark, N. J. This gives all the accepted standards for swimming pool upkeep, and is considered essential.

Then if the use of a stop watch could be had it would help a lot in competition.

Respectfully submitted,

EUGENE F. POUTASSE.

To the Swimming Pool Committee,

Town of Weston, Mass.

The swimming pool was open between June 25th and August 31st, a period of ten weeks. During this time, 3785 patrons used the pool, of

which 1996 were boys and 1789 were girls. The weekly attendance, which depended upon the air and water temperatures, varied between the maximum of 551 and the minimum of 205, the figures for the first and seventh weeks respectively.

An informal swimming meet was held on August 24 in which over 50 boys and girls participated. Races, relays, games, and a few mixed events were featured and everyone had a good time despite the cold of the afternoon. Keen interest was shown by the boys and the girls in competitive swimming both at the meet as well as during the summer.

Seventy-nine boys and girls successfully passed the tests established by the Red Cross. A considerable number of others became adapted to the water or learned new water skills according to their ability. The Red Cross tests were broadened two years ago by the addition of the Intermediate Swimmers and the Advanced Swimmers tests. Either a Junior or Senior Life Saving Certificate is required for the latter and successful completion denotes good all-around swimming ability.

Twenty-two tolls were paid by non-residents for the use of the pool.

I wish to thank Mrs. Roy Moody and Donald Van Heest for their excellent and cheerful cooperation in the running of the pool.

The following boys and girls passed the Red Cross tests:

At the annual Town Meeting on March 25, 1940, Mr. Walter W. Weld was elected commissioner for a term of three years. Mr. Willis who had served since 1933 and given a great deal of valuable time to the affairs of the cemetery was unable to continue in office.

Beside the usual routine work at the cemetery important progress was made in what might be called new development. A sizable area, containing a number of very desirable lots and located on the knoll overlooking the Boston Post Road was made available for use. The development of this area had been started in 1933 and had been carried on as opportunity offered until its completion this year.

Also a very unsightly hollow near the entrance to the cemetery has been partially filled in, graded and seeded; and the adjacent banks planted with flowering shrubs and trees. The cost of this planting was covered by an appropriation of \$110.86 from the H. S. Sears Fund for Planting Trees, etc.

Expenditures during the year amounted to \$8,196.59 which were slightly exceeded by the appropriation of \$7200 plus the annual income from the Perpetual Care Fund. Of this amount the sum of \$928.65 was expended for the purchase of a new truck which was badly needed.

We have requested an appropriation of \$6100 for the year 1941.

WESTON BOARD OF HEALTH

DR. F. VAN NUYS, Chairman

WALTER C. REED, Secretary

FRANK H. ALLISON

REPORT OF THE SUPERVISOR OF HEALTH

To the Weston Board of Health:

Gentlemen:

I hereby submit my report as Supervisor of Health, acting under the direction of the Board of Health, for 1940.

General

The condition of the health in Weston as measured by the reports of diseases dangerous to the public health has been most satisfactory, the number of cases reported being the lowest, with one exception, for the past ten years. The only disease assuming epidemic proportions was mumps.

The Board of Health has frequently discussed the problem of garbage collection in the Town of Weston. During the last year, five persons have collected garbage on terms made with individual householders. The Board of Health exercises control over such collections only by issuing a license which requires that they shall have reasonably satisfactory equipment for collecting. As the town grows, there will come a time when collection should be provided by contract, the terms of which can be enforced by some official department. Better service, which we believe might be rendered at a lower cost per capita, would be obtained by this method.

A certain rather densely populated area of the Town now receives its water supply from private companies. The problem of an adequate supply is the concern of the Water Department, but the character and safety of the water is a concern of the Board of Health. We believe that as soon as it is possible, public water should be extended to this area. This matter has been discussed with a representative of the Water Department.

A change was made regarding the frequency of the tests of certain milk supplies. It was felt that in the case of large dealers with wide distribution areas, that the multiple tests made in other communities so supplemented our own that we were justified in testing and collecting bi-monthly samples. Local producers, and smaller out of town producers, are still sampled monthly.

The birth rate for 1940 was 13.3, and the death rate corrected for residence was 8.9.

The official 1940 Federal Census* states the population of Weston to be 3,590. This figure is appreciably lower than would be the case if we

estimated the population by the standard method we have used. In comparing birth and death rates, it must be borne in mind, therefore, that this smaller population figure gives a higher rate.

Diseases Dangerous to the Public Health

Reference has been made of the favorable record for the year which may be confirmed by the examination of Tables I and II at the end of this report. A total of fifty-nine cases of communicable diseases was reported which is about one third of the number reported in 1939. Only mumps, tuberculosis, and venereal diseases show an excess over the eleven year median. Mumps appears to be on the increase as the year closes. The six cases of tuberculosis were the largest number reported for many years. Further reference is made to these cases later in the report.

The record of no cases of diphtheria is now extended to seven consecutive years, and there have been no cases of typhoid fever for twelve years.

Diphtheria

The diphtheria immunization clinics were held in the Spring as usual. Due to the energetic efforts of the public health nurse, a large proportion of pre-school children who were not immunized by their private physicians were brought to the clinic. This is as it should be, since diphtheria is most dangerous in early life, and it has been shown that a community is best protected from visitation from this disease by getting children immunized early in life. The effectiveness of the program in Weston is reflected in the continuing absence of the disease.

At the clinic this year, thirty-nine children, twenty-two of whom were under six years of age, were given the prophylactic inoculations. Fifty-five children previously immunized were given the Schick test, and eight of these were found to be susceptible.

Tuberculosis

One death from tuberculosis of a person long absent from Weston was charged against us. The six reported cases were all new, but four of them occurred in persons who had recently moved to Weston, and were diagnosed there. One case was non-pulmonary.

Only one patient having a Weston settlement was hospitalized, and this patient has been discharged as an arrested case.

Laboratory

The diagnostic laboratory work is summarized in the table below, and has been of a normal routine character.

The Board of Health laboratory applied for Certification by the

State Department of Public Health for its diagnostic work, and this certification was granted during the year.

	Pos.	Neg.	Susp.	Total
Diphtheria cultures		1		1
Tuberculosis (sputum)		9		9
Gonorrhea		6		6
Streptococci	2	3		5
				<hr/>
Total				21

In spite of the change to bi-monthly collection of certain samples of milk, the actual number of tests done during the current year is considerably in excess of the volume of the previous year.

The town water supply has been tested routinely, and certain well waters have been tested either on request, or routinely.

Milk and Cream

Regular samples	145
Special samples	10
	<hr/>
Total	155

Water

Town water	6
Special samples	26
	<hr/>
Total	32

Milk

The milk delivered in Weston has been of superior quality according to the laboratory analyses. All samples conformed to the legal standards as regards butterfat content and total solids. Also not a single sample has been other than excellent as regards sediment, and the bacterial counts have been gratifyingly low.

Reference to Table III gives a summary of the milk analyses.

Dental Clinic

The summary below shows the quality and character of the work performed at the dental clinic. The figures need little comment. A special effort has been made during the year to make the experience of

the child who reports to the dental clinic a more healthful, educational one. The major purpose of the clinic, of course, should be prophylaxis, and a stressing of the importance of oral hygiene, and diet, in relation to sound teeth.

Total number of patients	409
Total number of fillings	358
Total number of extractions	30
Total number of prophylaxis	64
Total number of certificates	41

Dog Clinic

For the past several years, the Board of Health has held a clinic for the immunization of dogs against rabies. This service has evidently met with the approval and co-operation of the Weston residents since each year an appreciable number of dog owners have brought their dogs to the clinic. This year, one hundred eighty dogs were given the single inoculation by the veterinary, assisted by the public health staff.

There is increasing evidence that this practice, altho not perfect, gives a considerable degree of immunity to animals, and therefore safeguards the community against the dreaded disease, rabies.

Complaints

The usual number of complaints were received, and in each instance was inspected and suitable action taken.

The arrangement made a number of years ago thru the courtesy of the City of Waltham to permit disposal of domestic sewage by discharge into a manhole connected with the common sewer, has become unsatisfactory, and it became imperative, in order to prevent objectionable or dangerous surface disposal of such wastes, for the Board of Health to provide a suitable method of disposal. Thru the co-operation of a property owner, an ample sized cesspool and overflow have been constructed at public expense at a convenient site, and this is made accessible to all licensed scavengers who collect such wastes in the Town of Weston.

Maternal and Child Hygiene

This activity, which in a larger community might naturally be conducted under the direction of the Board of Health, is efficiently conducted by the local Red Cross chapter, and the School Department.

Last year we suggested the possibility of some sort of informal representation of the Board of Health on a Conference or Advisory Committee, so that we might have a more intimate knowledge of this

work which is such an important public health activity. Such a Conference Committee has not been formed.

Births

There were forty-eight live births to parents residing in Weston giving a rate of 13.3. This is appreciably higher than last year, but in comparison with the State of Massachusetts as a whole, (14.2) was a very low rate.

There were no stillbirths reported which is a gratifying record.

Deaths

There were thirty-eight deaths in Weston which includes six non-residents whose deaths occurred in the town, and one reported late which occurred in 1939. This gives the extremely low rate of 8.9 for residents only.

There were only two deaths under the age of twenty, and only one death from a communicable cause. Table IV gives the detail on deaths according to cause, sex, and age, and the high age at which deaths have occurred is the most striking thing about the table.

Respectfully submitted,

CURTIS M. HILLIARD,

Supervisor.

REPORT OF BOARD OF WATER COMMISSIONERS

The exploration for an additional water supply, which has been carried on for several years, has been intensively continued during the past nine months and the special appropriation of \$5,000.00, made for this purpose, at the last Town Meeting, has thus far, been sufficient for the work which has been undertaken. During this period we have obtained the valuable assistance, without cost to the Town, of expert seismologists at the Weston College. A portable equipment operated by them was used to measure the depth to ledge in all of the sections of the Town where the possibility of a water supply is indicated. The Kendal Green district was particularly chosen with results of negative value. Due to further research, by the Jesuit Fathers, in other sections and due to data obtained from geological studies and from borings made in the past, we have, by process of elimination, come to the conclusion that the only probable supply of sufficient quantity, within the limits of the Town, is to be found in land adjacent to the Charles River. Because of this, most of our recent exploration has been confined to that area and seismic soundings have indicated the location of deep gorges marking the probable course of the pre-glacial stream. Borings made in these locations were about 125 feet in depth to ledge through fine sand or rock flour where the yield of water was practically negligible. Other borings made in the vicinity by the Metropolitan Water Commission indicated more favorable conditions and an eight-inch well was driven in land between the Boston University playing field and the Metropolitan aqueduct reservation. At this location there is a stratum of coarse sand and gravel about 20 feet in thickness at a mean depth of approximately 67 feet from the surface and about 52 feet below the present level of the Charles River which is about 425 feet distant. Water in this stratum is under pressure and rises in the well to within about fifteen feet of the surface. A continuous pumping test, at the rate of 270 gallons per minute, lasting for over 72 hours, indicates by measurement of drawdown, that a large supply of water is available at this location and tests made by the Massachusetts Department of Public Health show that it is of excellent quality.

We recommend that the Town should acquire title to a certain parcel of land of approximately two acres owned by Mrs. Elizabeth L. H. Blake, that it should install a pumping station thereon and that it should obtain easements or permits in other land and construct a force main to connect with the Town system. We estimate the cost of the foregoing would not exceed \$55,000.00.

We wish to express our appreciation to Father M. J. Ahern, Father Daniel Linehan, and Father Thomas Smith of Weston College, for their co-operation and valuable assistance, to Mr. Charles W. Sherman for

engineering services, and to Mr. C. D. Kirkpatrick of the B. F. Smith Co. under whose direction the test wells were driven and pumping tests conducted.

An extension of the distribution system, of about 1,000 feet, was made in Oak Street and five services have been connected thereto. The cost of this work was less than the amount appropriated for the purpose.

A centrifugal pump of about 330 gallons per minute capacity was installed at the Kendal Green station which has replaced old and worn out equipment. The cost of this pump and that of considerable accessory equipment was also less than the amount which was provided therefor.

In the maintenance of the water works various major repairs have been undertaken, including those to the standpipe on Paine's Hill. We anticipate that considerable additional work of this nature will be required during the coming year.

Respectfully submitted,

EDWARD P. RIPLEY,

ARCHIBALD G. MONKS,

ABEL J. COLPITTS,

Board of Water Commissioners.

REPORT ON W. P. A. PROJECTS

To the Board of Selectmen:

Gentlemen:

During the first part of 1940 three town sponsored projects were operated. The survey project which was in the process of making complete topographical sectional maps of the town closed on May 16th. The South Avenue water main project which completed laying a ten-inch pipe from Ware Street to Oak Street closed the middle of March. Waltham men were employed on this project. The library project which consisted of an inventory, rearranging and cataloging of all books in the library closed July 1st.

The Federal Government spent approximately \$14,630 on the above projects during the past year. The town's expenditure will be found in the auditor's report.

Respectfully submitted,

CHARLES H. STIMPSON, JR.,
W. P. A. Sponsor's Agent.

DETAIL STATEMENT OF TRUST AND INVESTMENT TRANSACTIONS AND INCOME ACCOUNTS

Bonds at Cost

TRUST FUNDS

Pursuant to a vote of the Trust Fund Commissioners, the Library Fund as existing on Dec. 31, 1939, and amounting to \$44,522.58, has been broken down as of Jan. 1, 1940 into its component trust funds, in order that the names of their respective donors might be perpetuated in the names of such funds. Each of these library funds has been set up in the amount of the original legacy, and a temporary account, "Library Accretions Account," \$4,634.11, is set up to carry the difference between the sum of the original legacies and the total of the former Library Fund stated above. This Accretions account will be distributed later to such individual funds as a pending investigation shows are entitled to share in this profit.

Also pursuant to the vote of the Trust Fund Commissioners, the former H. S. Sears Miscellaneous Fund has been broken down into its five component trusts, and finally, the capital Investments of all of the trust funds have been merged into one consolidated investment account, with the exceptions of the World War Trust Fund, which is excluded because of the legal requirements of this fund.

REPORT OF THE BOARD OF COMMISSIONERS OF TRUST FUNDS OF THE TOWN OF WESTON

For the year ended December 31, 1940

Your attention is called to a change in the form of the report of the Commissioners of Trust Funds this year. An important change has also been made in the manner of administering the funds.

In former years investment monies were placed in savings banks or securities to the credit of the individual trusts as their funds were available. In the case of bonds, which are not easily divisible into small or uneven units, this sometimes resulted in a greater concentration of investment than seemed desirable in the small trusts. Again, as interest rates and bond prices fluctuated, the different accounts inevitably received unequal treatment.

After mature deliberation, therefore, it was concluded to be a sounder and fairer method of administering the accounts to merge the investments into one fund, excepting only the World War Trust Fund. By this treatment all trusts so merged will share proportionately in the income, and the capital gains and losses as they may occur. The amount and identity of each trust have been preserved.

The World War Trust Fund, to which income is added to capital annually, will continue to be invested separately.

The Library Funds have been increased this year by the generous bequest of \$500 from the estate of Florence M. Coburn.

Following is a statement of the Merged Trust Funds Investment Account, and the World War Trust Fund, and also a schedule of the investments of all trust funds as of December 31, 1940.

A detailed statement of the individual trust accounts, showing principal, with gains thereon, and receipt and expenditure of income, is set forth in the report of the Town Auditor, printed herewith, to which reference is made.

REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY

The Board organized for the year by choosing Mr. Palmer chairman and Miss Fiske secretary.

As compared with 1939, there was a gain in circulation of books of about 1850 in the adult department, and of about 500 in the children's department. While the total gain of approximately 2350 was less than that in 1939 over 1938, it is gratifying in view of the fact that most of the libraries in this vicinity have shown losses in circulation. In 1940 the circulation in the adult department was nearly 32,000; in the children's department it was about 13,300. We report with pleasure that there has been a substantial increase in the number of registered borrowers of books.

During the year the gutters and downspouts of the roof were repaired. Additional shelves were installed in the basement for the storage of less frequently used books.

A meeting of the Parents Institute was held at the Library in the Spring. In November, the Library was host at a meeting of the Charles River Library Club.

We request an appropriation of \$5,000.00 in addition to the usual allocation of the dog license refund to the Library.

Respectfully submitted,

G. M. PALMER, JR.,

MILES HANSON, JR.,

GERTRUDE FISKE,

Library Trustees.

REPORT OF THE INSPECTOR OF PLUMBING

Board of Health

Weston, Mass.

Gentlemen:

I herewith respectfully submit the following report as Plumbing Inspector for the year of 1940.

During the year 58 permits were issued of which 35 were for new dwellings, and 23 were for alterations work. Fees collected amounted to \$110.50 which have been paid to the Town Treasurer.

There also have been issued 36 permits for Septic tanks installations, as per regulation of the Weston Board of Health, Chapter 4 Section 8 and Article 6 Section 28.

Fees collected amounted to \$36.00 which have been paid to Mr. Hilliard, Supervisor of Health.

Respectfully submitted,

ABEL J. COLPITTS,
Inspector of Plumbing.

REPORT OF THE MIDDLESEX COUNTY EXTENSION SERVICE

To the Selectmen of Weston:

The following is a report of the work of the Middlesex County Extension Service in the town of Weston for the year 1940:

The fruit growers received spray cards before each spray, giving information as to when to apply and what to use. Visits were made to most of the orchards in the town giving the grower personal aid. One twilight meeting was held to give the growers spray information. Government Surplus purchasing was extended to all growers during the fall season.

Through farm visits the county agent advised and assisted farmers on the credit situation, in planning their farm program, in pasture improvement, in emergency field crops and milk marketing.

Weston poultrymen were visited concerning their production and marketing problems.

Judges were furnished for the Weston Grange Fair.

A. F. MacDOUGALL,

Director.

Article 6. To determine whether the town will authorize and instruct the Auditor to charge off the books of the town an item of \$2,910.85 representing a deposit in the Waltham Trust Company which has now been liquidated.

Article 7. To determine whether the town will vote to convey to Paul Jones, Charles H. Jones, Junior, and Boston Safe Deposit and Trust Company, as they are Trustees under the will of Charles H. Jones, late of Weston, deceased, a strip of land situated in Weston on the northwesterly side of Glen Road and lying between said Glen Road and land of said Trustees formerly owned by Travis, being all of the land conveyed to the Town by Joseph E. Fiske et al by deed dated June 5, 1893, and recorded with Middlesex South District Deeds in Book 2247 page 141, excepting the part thereof which was conveyed by the Town to Edwin Walton by deed dated February 26, 1896, and recorded with said Deeds in Book 2743 page 358, and authorize the Select-

men to sign, seal with the corporate seal, acknowledge and deliver in the name and behalf of the Town a deed thereof; or take any action relative thereto.

Article 8. To determine whether the town will vote to appoint a committee to consider the use of the land between the end of Warren Avenue and land of Marion B. Farnsworth, including the possibility of extending Warren Avenue as a public way to land of said Farnsworth, or in lieu thereof granting to her rights of way and other easements; said committee to be empowered in the name and behalf of the town to determine the precise character and extent of said public way or right of way, its course over said town land, and the consideration and other terms and conditions under which said public or private way shall be constructed and maintained.

Article 9. To determine whether the town will request the Selectmen to study the records of the town from 1901 to date and determine what, if any, standing votes should be left in full force and effect, and what should be repealed as no longer necessary for the conduct of town affairs in view of present statutes of the Commonwealth and the town by-laws, and also to confer with other departments relative to any and all rules or regulations adopted by them since 1901, and with such departments to decide whether such rules or regulations, or any of them, should be kept in effect, or what amendments should be made and adopted either by such departments or by the town, and to report their conclusions and recommendations at the next annual Town Meeting.

Article 10. To determine whether the town will vote to adopt, ratify and confirm the action of the Board of Public Welfare taken in 1938 in accepting a deed to the inhabitants of the town of Weston conveying the premises at 31 Warren Avenue consisting of a single house with adjoining land; or act anything relative thereto.

Article 11. To determine whether the town will authorize the Board of Water Commissioners to extend the town water main from a point on South Avenue near the premises of George A. Morse, opposite the corner of South Avenue and Oak Street, southerly along said Oak Street for approximately one thousand two hundred and fifty feet, in accordance with a petition by various abutting owners filed in the Town Hall, said work to be done as a W.P.A. project or otherwise as determined by the Board of Water Commissioners, and to appropriate the sum of \$5,000. for this purpose and, if the town sees fit, to vote to borrow said sum and issue bonds or notes therefor; and to act anything relative thereto.

Article 12. To determine whether the town will abolish the offices of Library Treasurer and Treasurer of the Merriam Fund for the Silent Poor, or either of them; and to act anything relative thereto.

Article 13. To raise and appropriate by borrowing or otherwise, such sums of money as may be necessary for all or any of the purposes

mentioned in the foregoing articles, or as may be required to defray the expenses of the town for the ensuing year; and especially to act upon all the appropriations asked for or proposed by the selectmen or by the town officers or committees in their reports; and to authorize the town treasurer, with the approval of the selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1940, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with G. L. (Ter. Ed.) c, 44 Sec. 17 as amended.

And you are to serve this warrant by posting three attested copies thereof, according to the vote of the town, namely, at the Town House, at the Kendal Green Post Office, and on the town bulletin board at the junction of South Avenue, Park Road and Newton Street seven days at least before the time appointed for said meeting.

Hereof fail not; and make due return of this warrant with your doings thereon to the selectmen at the time and place of said meeting.

Given under our hands this second day of March in the year of our Lord one thousand nine hundred and forty.

HERBERT E. TYLER,

BRENTON H. DICKSON, JR.,

B. LORING YOUNG,

Selectmen of the Town of Weston.

Pursuant to the within warrant I have notified and warned the inhabitants of the Town of Weston according to order.

J. SUMNER VILES,

Constable.

ANNUAL TOWN MEETING, MARCH 25, 1940

In pursurance of the foregoing warrant, the inhabitants of the town qualified to vote in elections met in the Town Hall on Monday, March 25, 1940, at 12 o'clock noon and were called to order by Dudley P. Ranney, Moderator. Brenton H. Dickson, Jr., Town Clerk, read the warrant calling said meeting and the return of the officer who served the same upon the inhabitants.

The Lower Town Hall had been fitted up as a polling place in conformity with the laws of the Commonwealth. The cards of instructions, penalties to voters, and specimen ballots were posted in accordance with the laws of the Commonwealth. The following Election Officers, who

had previously been appointed by the Selectmen, were sworn by the Town Clerk to the faithful performance of their duties.

The ballot box was publicly opened and shown to be empty. The register on the box was set at zero (0) and the box immediately thereafter locked and the keys thereto delivered to the Town Clerk.

A package containing 2460 ballots was delivered to the Ballot Clerks by the Town Clerk who took their receipt therefor. The polls were then declared open.

Upon three occasions while the polls were open the ballot box was opened and ballots taken therefrom for counting, it being deemed advisable so to do in the unanimous judgment of the presiding Election Officer and the Town Clerk. The times of thus opening the ballot box and the number of ballots taken therefrom were as follows:

6.10 P.M.	50 ballots
7.00 P.M.	50 ballots
7.42 P.M.	50 ballots

At 7.10 it was voted that the polls be closed at 7.55 P.M. At 7.55 P.M. the polls were declared closed. Upon opening the ballot box at the close of the polls 89 ballots were taken therefrom, which together with the 150 ballots previously taken made the number of votes cast 239. The number of names checked on the voting lists used by the Ballot Clerks and the Election Officer in charge of the reception of ballots was 239. The automatic register on the ballot box read 239 and 239 ballots were taken therefrom. The ballots were counted and recorded and declaration thereof made in open meeting by the Moderator.

While the polls were open the ballot box was in charge of John Harte and the voting list used in connection therewith was in charge of Mary R. Berry.

The votes were canvassed and counted by the tellers, and after record thereof had been made, the Moderator caused all ballots cast at the election, the tally sheets used in counting the votes and the voting lists used in the distribution and deposit of ballots publicly to be enclosed in envelopes, which were sealed and endorsed and certified in the manner required by law. The above-mentioned envelopes, together with the ballot box and the seal were forthwith delivered to the Town Clerk.

A true record.

Attest:

BRENTON H. DICKSON, Jr.,

Town Clerk.

The meeting was called to order at 8 P.M.

Article 2. Mr. B. Loring Young Moved: That the reports of the town officers and committees as distributed throughout the town be accepted and placed on file subject to any corrections which may be made by this meeting or by the Town Clerk, and that the Town Clerk is hereby directed to make such corrections to such copies of the report as may be deposited in the archives of the town and the Public Library.

Mr. Carl T. Rhoades Moved: That the attendance statistics for the

school year 1938-39 contained in the report of the school committee be amended by adding to the names of the pupils of Grade VI who were perfect in attendance the name of Francis Guthrie, whose attendance has been perfect for six years.

This amendment was accepted by Mr. Young and then became a part of his original motion.

Mr. Young's motion, as amended, was unanimously adopted.

Voted: That Article 13 be now taken up in connection with Article 2 and that the reports of the town officers and committees be considered separately in the order in which they are printed to the end that the town may take such action thereon as may be deemed best.

Mr. B. Loring Young moved that the amounts recommended for appropriation by the Town, in accordance with Section 5 of the By-Laws of the Town as set forth in the Town Report for the current year on pages 29 to 36 inclusive and amounting in the aggregate to \$276,320, be, and they hereby are, appropriated for the specific purposes and in the specific amounts set forth in said recommendations. Pending the decision on Mr. Young's motion, Mr. Young further moved the following amendments:

That the third item on Page 30 entitled "Fire Department—Fire Alarm Connections with Adjoining Municipalities \$2,000" be stricken from the budget; that the appropriation for "Fire Department" be increased from \$13,200 to \$14,500; that on Page 35 an item be added after "Water Department—Pumping Equipment" entitled "Completion of Water Mains on South Avenue, \$1,000" and by inserting immediately thereafter "Water Department—New Water Main on Oak Street, \$4,000".

The question was first put on the amendments offered by Mr. Young and they were adopted unanimously. Thereupon Mr. Young's motion as amended, amounting in the aggregate to \$280,620, was unanimously passed by the Town, the budget being voted as follows:

Voted: That all money refunded for the current year to the town by the treasurer of Middlesex County under the provisions of law relating to dog licenses may be expended for the support of the Town Library in such manner as the trustees of said Library shall determine.

Voted: That five persons be appointed by the Moderator to serve as a Memorial Day Committee with the authority to expend upon the observance of said day the sum of money already appropriated for that purpose.

The Moderator appointed Robert G. Hutchinson, 3rd, Ralph F. Slayton, Thomas A. Tilton, John W. Boyd and Reverend Stephen Webster.

Voted: That of the money already appropriated a sum not exceeding \$60,000. be taken from any money in the treasury not otherwise appropriated, provided, however, that this vote apply only to money in the treasury as of the date when the tax rate for 1940 is fixed.

Voted: That the money appropriated at this annual town meeting, not otherwise provided for, be assessed, after deducting the estimate of receipts for the ensuing year, upon the polls and estates taxable in this town and be collected as the town charges are usually assessed and collected as provided by law.

Voted: That the town treasurer, with the approval of the selectmen, be and hereby is authorized to borrow from time to time in anticipation of the revenue of the financial year beginning January 1, 1940, to an amount not exceeding in the aggregate of \$150,000. and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year.

Article 3. Voted: That there be transferred from the Overlay Reserve Fund to the Reserve Fund the sum of \$6000.

Article 4. Voted: That the salary of the Auditor be increased from \$900. to \$1000. per year.

Article 5. Voted: That the salary of the Chairman of the Board of Public Welfare be reduced from \$1,200. to \$50. per year.

Article 6. Voted: That the Auditor and the Treasurer be and they hereby are authorized and instructed to charge off the books of the town an item of \$2,910.85 representing a deposit in the Waltham Trust Company which has now been liquidated.

Article 7. Mr. Young Moved: That the Selectmen are hereby authorized to sign, execute, seal with the corporate seal, acknowledge and deliver, in the name and behalf of the Town, to Paul Jones, Charles H. Jones, Jr., and Boston Safe Deposit & Trust Co., as they are Trustees under the will of Charles H. Jones, late of Weston, Middlesex County, Massachusetts, a release of all the Town's interest in and to the following parcel of land to wit:

A certain strip of land in Weston, Middlesex County, Massachusetts, which was conveyed by Joseph E. Fiske et al to said Inhabitants of the Town of Weston by deed dated June 5, 1893, recorded with Middlesex

South District Deeds in Book 2247 page 141, and therein described as follows: "A certain strip of land on that portion of Glen road in said town of Weston which has been newly laid out and constructed which land lies northerly thereof and southerly of the old portion of said Glen road opposite the lands of Hosea F. Travis and Edwin Walton extending about 453 feet on said newly laid out and constructed portion of Glen Road and containing 14225 square feet more or less."

Also all right, title and interest of the grantor in and to the bed of Glen Road as it formerly existed but has since been discontinued where the same abuts upon said strip.

Excepting herefrom the portion of said strip which was conveyed by the grantor to Edwin Walton by deed dated February 26, 1896, recorded with said Deeds in Book 2743 page 358 provided that said trustees pay not less than \$100. to the Town.

Mr. Sweet Moved: That the figure of \$100. in the foregoing motion be stricken out and the figure of \$250. be substituted.

Mr. Young accepted this amendment and his motion, as amended, was unanimously adopted.

Article 8. Voted: That B. Loring Young, Edward P. Ripley and Archibald G. Monks are hereby constituted a committee to confer with Miss Marion B. Farnsworth and her counsel in regard to the possible extension of Warren Avenue as a public way from its present terminus to land of said Farnsworth, or, in the alternative, to grant to said Farnsworth a right of way over land of the Town conveyed to it by deed of the Weston Water Company on July 1, 1921; and further voted: that if a public highway is determined to be advisable, the taking will be submitted to a subsequent Town Meeting for approval as provided by law; but if it is deemed advisable by said committee to grant private right of way, the committee shall have full authority and at their discretion to execute and deliver, in the name and behalf of the Town, deed to said Marion B. Farnsworth conveying an easement of ingress and egress to her property; the precise character and extent of said right of way, its course over said land of the Town and the consideration and other terms and conditions of said conveyance to be determined by said committee, and the action of said committee to be binding upon the Town, provided, however, that the Town shall not be committed to any cost or expense without a further vote of the Town.

Article 9. Voted: That the Selectmen are hereby requested to study the records of the Town from 1901 to date and to determine what, if any, standing votes should be left in full force and effect, and what should be repealed; and also to confer with other Town officers and committees relative to any and all rules and regulations adopted by them since 1901, and with them to determine whether such rules and regulations should be kept in effect or what amendments should be

made and adopted and to report their conclusions and recommendations at the next annual Town Meeting.

Article 10. Voted: That the action of the Board of Public Welfare in accepting a deed January 1939, conveying to the inhabitants of the Town of Weston the premises at 31 Warren Avenue, consisting of a single house with adjoining land, and the subsequent recording of said deed with the Registry of Deeds for the Southern District of Middlesex County, be, and the same hereby is, approved, adopted, ratified and confirmed as the act and deed of the inhabitants of Weston.

Article 11. Voted: That this article be laid upon the table and so disposed of in view of the fact that the subject matter thereof has already been covered by the budget.

Article 12. Voted: That the officers of Library Treasurer and Treasurer for the Merriam Fund for the Silent Poor hereby be abolished.

Article 13 had previously been taken up in connection with Article 2.

The following resolution was offered and unanimously adopted:

Resolved: That the people of the Town of Weston desire herewith to make permanent record of their sense of loss and bereavement in the death of the late Augustus M. Upham. Mr. Upham was born in Weston on December 8, 1854 and died on December 8, 1939—his eighty-fifth birthday. He was the son of Marshall L. Upham and Anna White Jones. His father served as a member of the Board of Road Commissioners and Mr. Upham, himself, was elected to succeed his father as a member of that Board in 1899. His earliest connection with the Highway Department, as far as is shown by public records was begun in 1885, although it is probable that he worked in the department some years prior to that date. In 1912 the town voted to place the Highway Department under control of a Superintendent of Streets appointed by the Selectmen. From that day until 1921, although not an officer of the Highway Department, Mr. Upham continued to work under several Superintendents of Streets with loyalty and devotion. In 1921 he was himself appointed, by the Selectmen, Superintendent of Streets of the town and might have continued in that office until his death, had his health not begun to fail. Mr. Upham was a faithful citizen. In these modern days when graft and corruption are regarded by many as the handmaidens of public office, Mr. Upham stood above suspicion or reproach. He served the town not only with ability, but with honor.

Further Resolved: That a copy of these resolutions be suitably engrossed and prepared by the Town Clerk, and be sent to Mr. Upham's family with the sympathy and best wishes of the people of Weston.

The meeting was dissolved at 9.50 P. M.

Selectmen of Weston.

Pursuant to the within warrant I have notified and warned the
inhabitants of the Town of Weston according to order.

J. SUMNER VILES,
Constable.

PRIMARIES, APRIL 30, 1940

Pursuant to the foregoing warrant the inhabitants of the town, qualified to vote in Primaries, met in the lower Town Hall on Tuesday, April 30, 1940, at 2 o'clock P.M. and were called to order by Herbert E. Tyler, Chairman of the Selectmen and Presiding Election Officer, who read the warrant calling said meeting and the return thereon of the officer who served the same upon the inhabitants of the town.

The Lower Hall was fitted up as a polling place in conformity with the laws of the Commonwealth. Before the opening of the polls the cards of instruction, penalties to voters and specimen ballots were posted in accordance with the laws of the Commonwealth.

Mary R. Berry and John A. Cain, Jr., whom the Selectmen had appointed Ballot Clerks, were sworn by Brenton H. Dickson, Jr., Town Clerk, to the faithful performance of their duties. Grace H. Spaulding and John Harte, whom the Selectmen had appointed Election Officers, were sworn by the Town Clerk to the faithful performance of their duties.

The ballot box was opened publicly and shown to be empty, the register on the box set at zero and the box immediately locked and the keys thereto delivered to the Presiding Election Officer.

Two packages, one containing 2100 Republican ballots and one containing 366 Democratic ballots were delivered to the Ballot Clerks by the Assistant Town Clerk who took their receipt therefor.

The polls were then declared open.

Upon two occasions while the polls were open the ballot box was

opened and ballots taken therefrom for counting, it being deemed advisable so to do in the unanimous judgment of the Presiding Election Officer and the Clerk. The times of thus opening the ballot-box and the number of ballots taken therefrom were as follows:

6.15 P. M.	50
7.50 P. M.	50

At eight o'clock P. M. the polls were declared closed.

The number of names checked on the voting lists used by the Ballot Clerks and the Election Officers in charge of the reception of ballots was one hundred twenty. The automatic register on the box read 120 and 120 ballots were taken therefrom, 110 Republican ballots and 10 Democratic ballots. These ballots were sorted, counted and recorded and declaration thereof made in open meeting by the Presiding Election Officer and were for the following:

BRENTON H. DICKSON

Selectmen of Weston.

Pursuant to the within warrant I have notified and warned the inhabitants of the town of Weston according to order.

J. SUMNER VILES,

Constable.

PRIMARIES SEPTEMBER 17, 1940

Pursuant to the foregoing warrant, the inhabitants of the Town of Weston, duly qualified to vote in elections, met in the lower town hall in said town on Tuesday, the seventeenth day of September, in the year of our Lord one thousand nine hundred and forty and were called to order at two o'clock P. M. by Herbert E. Tyler, presiding election officer, who read the warrant calling said meeting and the return thereon of the officer who served the same upon the inhabitants.

In pursuance of and in conformity with the laws of this Commonwealth in relation to elections, the lower town hall had been fitted up as a polling place, a space railed off, and twenty-four shelves or compartments provided for the use and convenience of the voters to examine and mark their ballots. Before the opening of the polls, the package of cards of instruction, specimen ballots, etc., furnished by the Commonwealth had been opened and the same posted in accordance with the provisions of the General Laws relating thereto.

Alice E. Jones and John A. Cain, Jr., whom the selectmen had previously appointed ballot clerks were sworn by the Town Clerk to the faithful performance of their duties. John Harte and Mary R. Berry, election officers, were sworn by the Town Clerk to the faithful performance of their duties.

The ballot box was opened publicly by the election officer who ascertained by personal examination and publicly showed that the same was empty. The register of the box was set at zero (0) and the box immediately thereafter locked and the key of the box was delivered to the presiding election officer.

Three packages supplied by the Secretary of the Commonwealth, marked "Town of Weston", 2000 Republican ballots, and 366 Democratic ballots were delivered to the ballot clerks by the Town Clerk who took their receipt therefor. The ballot clerks, who were provided with a list of the registered voters of the town, stationed themselves at the entrance to the polling place. The polls were then declared open for the reception of votes.

Upon two occasions while the polls were open the ballot box was opened and ballots taken therefrom for counting, it being deemed advisable so to do in the unanimous judgment of the presiding election officer and the Town Clerk. The times of thus opening the ballot box and the number of ballots taken therefrom were as follows:

6.05 P. M.	200 ballots
7.10 P. M.	200 ballots

At 8 o'clock P. M. the polls were declared closed.

The number of names checked on the voting list used by the ballot clerks and the election officers in charge of the reception of ballots was 645. The register on the ballot box read 645 and 645 ballots were

taken therefrom, there being 605 Republican ballots and 40 Democratic ballots.

The ballots were sorted, counted and recorded and declaration thereof made in open meeting by the Presiding Election Officer, and were for the following state and county officers, viz:—

The polls will be open at 7.30 A.M. and may be closed at 7.30 P.M.

And you are to serve this warrant by posting three attested copies thereof according to the vote of the town, namely, at the Town House, at the Kendal Green Post Office and on the bulletin board at the junction of South Avenue and Newton Street and Park Road, seven days at least before the time appointed for said meeting.

Hereof fail not and make due return of this warrant with your doings thereon to the Selectmen seven days at least before the time appointed for the meeting.

Given under our hands this twenty-eighth day of October, 1940.

HERBERT E. TYLER,

BRENTON H. DICKSON, JR.,

Selectmen of Weston.

Pursuant to the within warrant I have notified and warned the inhabitants of the Town of Weston according to order.

MAURICE L. UPHAM,

Constable.

BIENNIAL ELECTION, NOVEMBER 5, 1940

In pursuance of the foregoing warrant, the inhabitants of the Town of Weston, qualified to vote in elections, met in the lower Town Hall in said town, on Tuesday, the fifth day of November in the year of our Lord one thousand nine hundred and forty, it being the Tuesday next after the first Monday in said month and were called to order at 7:30 o'clock in the forenoon by Herbert E. Tyler, Presiding Election Officer, who read the warrant calling said meeting and the return of the officer who served the same upon the inhabitants.

In pursuance of and in conformity with the laws of this Commonwealth in relation to elections, the lower Town Hall had been fitted up as a polling place, a space railed off and twenty-seven compartments provided for the use and convenience of the voters to examine and mark their ballots. Before the opening of the polls, the package of cards of instructions, penalties to voters, specimen ballots, etc, furnished

by the Secretary of the Commonwealth, had been posted in accordance with the provisions of the General Laws relating thereto.

Mary R. Berry and John Harte whom the Selectmen had previously appointed Election Officers were sworn by the Town Clerk to the faithful performance of their duties.

Alice E. Jones and John A. Cain, Jr., whom the Selectmen had previously appointed Ballot Clerks were sworn by the Town Clerk to the faithful performance of their duties.

The ballot box to be used at the election was opened publicly by the election officers who ascertained by personal examination and publicly showed that the same was empty. The register of the box was set at zero and the box immediately thereafter locked and the key delivered to the Presiding Election Officer.

Packages supplied by the Secretary of the Commonwealth containing 2715 ballots marked "Town of Weston" were delivered to Ballot Clerks by the Town Clerk who took their receipt therefor. The Ballot Clerks, who were provided with a list of the registered voters of the town, stationed themselves at the entrance to the polling place. The polls were then declared open for the reception of votes.

Upon seven occasions while the polls were open the ballot box was opened and ballots taken therefrom for counting, it being deemed advisable so to do in the unanimous judgment of the Presiding Election Officer and the Town Clerk. The times of thus opening the ballot box and the number of ballots taken therefrom were as follows:

9.10 A. M.	500
10.30 A. M.	350
12.30 P. M.	200
1.45 P. M.	300
4.15 P. M.	150
5.15 P. M.	250
6.25 P. M.	250

At 7:25 P. M. it was voted to keep the polls open until 8:00 P. M.

At 8:00 P. M. the polls were declared closed. Upon opening the ballot box at the close of the polls 263 ballots were taken therefrom, which together with the 2000 ballots previously taken made the number of votes cast in person 2263.

After the above ballots were taken from the box, the Town Clerk handed to the Presiding Election Officer seventy-seven absent voting ballots which he had received. These were opened by the Presiding Election Officer and the signatures on the affidavits compared with the signatures on the applications which had been certified by a majority of the Board of Registrars of Weston. The names of the absent voters were then called by the Presiding Election Officer, checked by the Ballot Clerks on the check lists and deposited in the ballot box by the Presiding Election Officer. Two of these ballots were rejected, one being defective and the other having been signed by a person who was not

a registered voter. Upon opening the ballot box seventy-five ballots were taken from the box making the total number of ballots cast 2338, the same as the number checked on the voting lists used. The automatic register on the ballot box read 2338.

The ballots were counted and recorded and declaration thereof made in open meeting by the Presiding Election Officer, and were for the following Electors of President and Vice-President, State and County Officers and Questions of Public Policy:

PERAMBULATION OF WAYLAND AND WESTON LINES

We, the Selectmen of the towns of Weston and Wayland, have this twenty-fourth day of November, 1940, perambulated the line and renewed the bounds between said towns and report as follows, viz:—

Beginning at a stone monument in a swamp marked WES and L at the northeasterly extremity of the line between Weston and Wayland and at the angle made by the corner of Weston and Lincoln, and thence running in a southwesterly direction 52 rods to a stone monument in land of R. Parker, and thence southerly in a straight line to a stone monument on the hill near the house of Wallace Leadbetter, marked W N and E S. This stone is at the end of a wall on a ledge of rocks, and is the corner bound between Weston, Wayland and Natick. Between the two last mentioned bounds, on a straight line are eleven intermediate bounds with intervening distances as follows:

From the first one on Parker's land to the second one also on Parker's land 57 rods, 5½ feet; next on road near Charles E. Smith's 110 rods, 7 feet; next on land of Mrs. Moses Fuller, 72 rods, 13 feet; next on land of Francis B. Ripley, 89 rods, 2½ feet; next on land of French, 110 rods, 16 feet, about 50 feet from westerly side of wall; next on land of Estate of Frank W. Bigelow, 133 rods, 6½ feet, about 50 feet north of railroad track; next on road by J. G. Pierce, 103 rods, 14½ feet; next on land of Louis W. Dean, 169 rods, 3½ feet; next on land of Alexander Sauer, 122 rods, 4 feet, about 50 feet westerly from a wall; next on land of Paul Hamlen, 84 rods, 15 feet, about 10 feet westerly from a wall; next on land of Francis Shaw, 182 rods, about 12 feet westerly of wall; next 111 rods, 10½ feet which is the bound at the southerly extremity. The whole distance of said line is four miles, 122 rods, less one foot.
